- **Cost Effective...**
Reduces installed costs
- **Improved Reliability...**
Factory-built accessories reduce risk of leaks and callbacks
- **Improved Aesthetics...**
Uniform look

Application

EverGuard® PVC preformed accessories are designed for use with GAF EverGuard® PVC single-ply membranes. The preformed accessories may be installed on mechanically attached, fully adhered, or RhinoBond® EverGuard® PVC roofing systems. EverGuard® accessories are installed using conventional techniques. See published application and specifications manual for detailed instructions.

Product Information

EverGuard® PVC Square Tube Wraps are constructed from EverGuard® PVC reinforced membrane. Two standard sizes of EverGuard® PVC Square Tube Wraps are available. Since they are split, they can be wrapped around square and rectangular roof structures such as machinery screen supports. A stainless-steel clamp is included to assist in sealing the top edge of the wrap.

Square Tube Wrap

- Available in two standard sizes
- Custom sizes also available*
- Includes stainless-steel clamp for top edge seal
